BMI/CS 576 – Day 26

- Today
  - ~20 min concluding remarks lecture
  - Final notebook
    - Computing measures of confidence in network structures

HW6

- Due Monday 12/16
- NO LATE DAYS ALLOWED!
  - Solutions will need to be released on Tuesday 12/17, so that you have time to look at them before the final (on 12/18)
- Minimal to no programming required
- Topic: Networks

Final exam

- When: Wednesday, Dec 18, 7:25PM - 9:25PM
- Where: **1800 Engineering Hall (not here!)**
- What:
  - Not cumulative
  - Last 4 modules: Phylogenetic Trees, Genome annotation, Clustering, Networks
  - Working with and reasoning about the tasks and their associated algorithms
  - Same setup as midterm:
    - Paper exam (no programming)
    - No calculator/electronic devices allowed or needed
    - Two sheets of notes allowed (handwritten recommended!)
  - Old exams available on Canvas

Course evaluation survey

- Please respond!
- https://aefis.wisc.edu
- Currently only at 35% response rate
- Deadline: Dec 11th (TOMORROW)
- Your feedback is critical to the future development of this course
- All notebooks, lectures, were created by me
  - With your feedback I can improve upon them!
